

1. Record Nr.	UNINA9910809502703321
Titolo	Evaluating the impact of implementing evidence-based practice [[electronic resource] /] / edited by Debra Bick and Ian D. Graham
Pubbl/distr/stampa	Chichester, West Sussex ; ; Ames, Iowa, : Wiley-Blackwell [Indianapolis, Ind.], : Sigma Theta Tau International Honor Society of Nursing, 2010
ISBN	1-118-70233-6 1-118-70226-3
Descrizione fisica	1 online resource (226 p.)
Collana	Evidence based nursing series
Altri autori (Persone)	BickDebra GrahamIan D
Disciplina	616.86/06 616.8606
Soggetti	Evidence-based nursing Nursing
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Cover; Title Page; Contents; Contributors' information; Foreword; Preface; 1 The importance of addressing outcomes of evidence-based practice; Introduction; Why are outcomes of EBP important?; The development of EBP; What is evidence?; Models and frameworks to support research use; Why is it important to measure/evaluate the impact of EBP?; Why do interventions of unproven benefit continue to be implemented?; The importance of outcomes in policy and politics; Conclusion; References; 2 Measuring outcomes of evidence-based practice: Distinguishing between knowledge use and its impact IntroductionKnowledge use; Measurement considerations; Measuring knowledge use; Evaluating the impact of knowledge use; Measuring outcomes of EBP and return on investment; Conclusion; References; 3 Models and approaches to inform the impacts of implementation of evidence-based practice; Introduction; A model typology; Conclusion; Acknowledgment; References; 4 An outcomes framework for knowledge translation; Introduction; Purpose of the framework; The focus on outcomes; Practice reflection based on outcomes; Outcomes

feedback; Patient preferences for care; Facilitation to support change
Related theoretical models
Conclusion; References; 5 Outcomes of evidence-based practice: practice to policy perspectives; Introduction; Background; Building the case for change for EBP; Understanding the environment and current care; Measuring the impact of EBP/care; Limitations of different approaches; Choose outcomes wisely; Conclusion; References; 6 Implementing and sustaining evidence in nursing care of cardiovascular disease; Introduction; A brief history of the evolution of cardiology in practice; System approaches to changing delivery of cardiovascular care; Outcomes and their impact
Nursing-focused evidence-informed care for patients with cardiovascular health problems
Care pathways or maps
Conclusion; References; 7 Outcomes of implementation that matter to health service users; Introduction; Enhancing the contribution of service users to health service policy and research; Defining EBP priorities and outcomes from a service user perspective; Patient-reported outcome measures; Addressing the challenges and developing the evidence base
The challenges; Acknowledgments; References; 8 Evaluating the impact of implementation on economic outcomes; Introduction; Economics
Economic evaluation of EBP
Barriers to economic evaluation-ethics and research efficiency
Economics and ethics in health-care evaluation; Conclusion; References; 9 Sustaining evidence-based practice systems and measuring the impacts; Introduction; The need for and concept of "sustainability" of EBP change; Maintaining the integrity of EBP; Sustainability models; Strategies for more sustainable EBP; A suggested development process for indicators that will be sustainable; Criteria for selecting sustainability indicators; Exemplars and issues around the sustainability of EBP systems; Conclusion
References

Sommario/riassunto

The Evidence-Based Nursing Series is co-published with Sigma Theta Tau International (STTI). The series focuses on implementing evidence-based practice in nursing and midwifery and mirrors the remit of Worldviews on Evidence-Based Nursing, encompassing clinical practice, administration, research and public policy. Evaluating the Impact of Implementing Evidence-Based Practice considers the importance of approaches to evaluate the implementation of evidence-based practice. Outcomes of evidence-based practice can be wide ranging and sometimes unexpected. It is the
