Sommario/riassunto

Despite the widespread trends of secularization in the 20th century, religion has played an important role in several outbreaks of genocide since the First World War. And yet, not many scholars have looked either at the religious aspects of modern genocide, or at the manner in which religion has taken a position on mass killing. This collection of essays addresses this hiatus by examining the intersection between religion and state-organized murder in the cases of the Armenian, Jewish, Rwandan, and Bosnian genocides. Rather than a comprehensive overview, it offers a series of discrete, yet cl
