Sommario/riassunto	The greatly revised and expanded edition of The Elements of Photography is a new kind of textbook for a new generation of photographers. Moving far beyond the usual technical manual, Angela Faris Belt dives deep into merging technique and vision, allowing you to master craft while adding meaning to your images. Here you'll really learn to see photographically, expand your creative and conceptual use of apertures and shutter speeds, and choose the right media to create the look and feel you want.
