Sommario/riassunto

This book examines the law reforms of contemporary China in light of the Party-state's ideological transformation and the political economy that shapes these reforms. This involves analysing three interrelated domains: law reform, power and wealth. The contributors to this volume employ a variety of perspectives and analytical techniques in their discussion of key themes including: commercial law reform and its governance of wealth and regulation of economic activity; the influence and authority of the Party-state over China's economic activity; and the influence of wealth and the wealthy i
