From One World into Two; 5. Defining ""Free World"" Leadership; 6. Limited War, Global Struggle--The Meaning of Korea; Conclusion; Notes; Bibliography; Index
Sommario/riassunto	In this cultural history of the origins of the Cold War, John Fousek argues boldly that American nationalism provided the ideological glue for the broad public consensus that supported U.S. foreign policy in the Cold War era. From the late 1940's through the late 1980's, the United States waged cold war against the Soviet Union not primarily in the name of capitalism or Western civilization--neither of which would have united the American people behind the cause--but in the name of America. Through close readings of sources that range from presidential speeches and popular magazines
