Difference in contextual effects between mutually substitutable verb forms -- Chapter 7. The principle of unmarked temporal interpretation -- Chapter 8. Choice of binding TO in RCs -- General conclusion -- Appendix -- Notes -- References -- Index
Sommario/riassunto	The future of English linguistics as envisaged by the editors of Topics in English Linguistics lies in empirical studies which integrate work in English linguistics into general and theoretical linguistics on the one hand, and comparative linguistics on the other. The TiEL series features volumes that present interesting new data and analyses, and above all fresh approaches that contribute to the overall aim of the series, which is to further outstanding research in English linguistics.
