

1. Record Nr.	UNINA9910809834103321
Titolo	Library review . Volume 59, Number 9 Open source software applications in libraries // guest editor, Alan Poulter
Pubbl/distr/stampa	[Bingley, UK], : Emerald, 2010
ISBN	1-282-98754-2 9786612987540 0-85724-664-X
Edizione	[1st ed.]
Descrizione fisica	1 online resource (1 v.)
Collana	Library review ; ; vol. 59, no. 9
Altri autori (Persone)	PoulterAlan <1956->
Disciplina	025.3/16
Soggetti	Open source software - Library applications Computer software
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Cover -- CONTENTS -- EDITORIAL ADVISORY BOARD -- GUEST EDITORIAL -- Open source in libraries: an introduction and overview -- Breaking the barriers: the role of support companies in making open source a reality -- The state of Evergreen: Evergreen at three -- Open products, open interfaces, and Ex Libris open-platform strategy -- Open source software collaborations in Tennessee's regional library system -- Cutting the proprietary cord -- Open source software use in libraries -- Book reviews -- Call for papers.
Sommario/riassunto	This e-book on open source applications in libraries, springs from a conference in London in 2009, entitled Open Libraries: Breaking the Barriers, at which a range of library management system (LMS) vendors gave presentations on how open source was seen by their company. With perspectives from both vendors and libraries, this e-book presents a balance of views on the application of open-source technologies in libraries.
