

1. Record Nr.	UNINA9910809843803321
Autore	Duffau Hugues
Titolo	New insights into functional mapping in cerebral tumor surgery [[electronic resource] /] / Hugues Duffau
Pubbl/distr/stampa	New York, : Nova Science Publishers, c2009
ISBN	1-60741-397-3
Edizione	[1st ed.]
Descrizione fisica	1 online resource (105 p.)
Disciplina	616.99/481059
Soggetti	Brain mapping Brain - Tumors - Surgery
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	<p>""NEW INSIGHTS INTO FUNCTIONAL MAPPING IN CEREBRAL TUMOR SURGERY""; ""NOTICE TO THE READER""; ""CONTENTS""; ""PREFACE""; ""INTRODUCTION""; ""STUDY OF THE DYNAMIC BIOLOGICAL BEHAVIOR OF THE TUMOR""; ""A NATURAL HISTORY""; ""B - METABOLIC NEURO IMAGING""; ""STUDY OF THE DYNAMIC ORGANIZATION OF THE BRAIN""; ""A THE PLASTIC BRAIN""; ""B NEW METHODS OF FUNCTIONAL BRAIN MAPPING""; ""1) Preoperative Neurofunctional Imaging""; ""2) Preoperative Diffusion Tensor Imaging""; ""3) Methods of Intraoperative Functional Brain Mapping""</p> <p>""4) Correlations Between Preoperative Neurofunctional Imaging and Intrasurgical Stimulation""""SURGICAL RESULTS""; ""STUDY OF THE DYNAMIC INTERACTIONS BETWEEN THE TUMOR AND THE BRAIN""; ""A BRAIN PLASTICITY INDUCED BY THE TUMOR""; ""1) Preoperative Plasticity""; ""2) Intraoperative Plasticity""; ""3) Postoperative Plasticity""; ""B THE SURGICAL USE OF BRAIN PLASTICITY""; ""1) Resection of Gliomas Involving the SMA""; ""2) Resection of Gliomas Involving the Insular Lobe""; ""3) Resection of Gliomas Involving Broca's Area""</p> <p>""4) Resection of Gliomas Involving the Primary Sensorimotor Area of the Face""""5) Resection of Gliomas Involving the (non dominant) Striatum""; ""6) Resection of Gliomas Involving the Corpus Callosum""; ""7) Other Locations""; ""C THE SURGICAL GUIDANCE OF BRAIN PLASTICITY""; ""SURGICAL RESULTS""; ""A FUNCTIONAL RESULTS""; ""B NEURO-ONCOLOGICAL RESULTS""; ""CONCLUSIONS AND</p>

PERSPECTIVES"; ""1) Methodological Perspectives: Improvement of the
Reliability of Neuroimaging"; ""2) Pathophysiological Perspectives";
""3) Surgical Perspectives"; ""4) Oncological Perspectives"
""5) Quality of Life""""REFERENCES"; ""INDEX""
