Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Part one Income security -- Part two Federal institutions and income security -- Part three Institutional change and income security -- Part four Conclusions.
Sommario/riassunto	The first edition of The Welfare State and Canadian Federalism focused on the impact of federalism on social policy during a period of economic growth and expanding social expenditures. The revised edition extends the analysis by asking how the federal system has shaped the social policy response to neo-conservatism, recession, and restraint. It analyses policy trends in detail; examines the implications of constitutional changes, including the Charter; and highlights the continuing role of federalism.
