Kaminski.

Sommario/riassunto

Grandparents have long played important roles in the lives of their adult children and their grandchildren in our own as well as in many other cultures. Yet it has only been in the last 3 or 4 decades that grandparents have received the kind of academic scrutiny that other family members--especially mothers--have been receiving a century or more. This groundbreaking collection has targeted the essence of what occurs in the context of grandparents' efforts at parenting their grandchildren as well as the nature of these interactions. Indeed, grandparent's views on the adequacy of their parenting
