

1. Record Nr.	UNINA9910809983103321
Titolo	Alaska's changing arctic : ecological consequences for tundra, streams, and lakes // edited by John E. Hobbie and George W. Kling
Pubbl/distr/stampa	Oxford ; ; New York : , : LTER, Oxford University Press, , [2014]
ISBN	0-19-026788-7 0-19-936013-8
Descrizione fisica	1 online resource (354 p.)
Collana	Long-Term Ecological Research Network Series
Disciplina	577.58609798
Soggetti	Tundra ecology - Alaska Stream ecology - Alaska Lake ecology - Alaska Alaska Environmental conditions
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Cover; Alaska's Changing Arctic; Copyright; Contents; Preface; Contributors; 1 Introduction; 2 Climate and Hydrometeorology of the Toolik Lake Region and the Kuparuk River Basin: Past, Present, and Future; 3 Glacial History and Long-Term Ecology in the Toolik Lake Region; 4 Late-Quaternary Environmental and Ecological History of the Arctic Foothills, Northern Alaska; 5 Terrestrial Ecosystems at Toolik Lake, Alaska; 6 Land-Water Interactions; 7 Ecology of Streams of the Toolik Region; 8 The Response of Lakes Near the Arctic LTER to Environmental Change; 9 Mercury in the Alaskan Arctic 10 Ecological Consequences of Present and Future Changes in Arctic Alaska Index
Sommario/riassunto	In this edition of the Long Term Ecological Research Network series, editors John Hobbie and George Kling and 58 co-authors synthesize the findings from the NSF-funded Arctic LTER project based at Toolik Lake, Alaska, a site that has been active since the mid-1970s. The book presents research on the core issues of climate-change science in the treeless arctic region of Alaska. As a whole, it examines both terrestrial and freshwater-aquatic ecosystems, and their three typical habitats: tundra, streams, and lakes. The book provides a history of the Toolik

Lake LTER site, and discusses its presen
