Sommario/riassunto	In far too many corners of the world, the most serious of all social injustice, in and out of education, is that which relegates the place of women and girls below the status of men. Unfortunately, the policies, theories, and practices dominating the field of educational leadership have contributed to these inequities and social injustices. The truths that women's (and men's) voices tell in this book transcend the struggles of today; and in so doing, anticipate how we might move from the business of education to more effectively begin addressing the challenges of freedom, social justice, and e
