Sommario/riassunto

Train and keep a child welfare workforce that will make a difference! Charting the Impacts of University-Child Welfare Collaboration addresses the challenges of implementing workforce development initiatives designed to recruit students into the public child welfare field. Edited by Dr. Katharine Briar-Lawson, Dean of the School of Social Welfare at the University at Albany in New York, and Dr. Joan Levy Zlotnik, PhD, ACSW, Executive Director of the Institute for the Advancement of Social Work Research, the book reflects the ongoing effort to counteract the de-professionalization phenomenon.
