Eastern and Southern Africa: the Experience of Kenya, Mozambique, the United Republic of Tanzania and Uganda; 6. Organic Agriculture; 7. Summary and Conclusions; 8. Ways Forward; Index;
Sommario/riassunto	Environmental, health and sanitary requirements in developed countries are perceived in developing countries as non-tariff barriers to trade. This book shows that such restrictions are perceived to be more stringent during the domestic production season. It also argues that scientific data for specific thresholds appear to be questionable.
