Sommario/riassunto	The first book to offer comprehensive coverage of Islamic finance and banking and its applications to the rest of the world, now fully revised and updated The ongoing international financial crisis has reignited

debate over the development of a risk-sharing financial system, such as that required in Shariah Law. An Introduction to Islamic Finance: Theory and Practice, Second Edition highlights the core principles of risk sharing in Islam, arguing that a risk-sharing financial system is exactly what we need to promote greater financial stability. Providing comprehensive coverage of the fun
