Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Front Cover; Title Page; Copyright Page; Table of Contents; Introduction; Chapter One; Back Cover
Sommario/riassunto	The 2007 general elections in Kenya led to major unrest. The aim of this book is to examine and analyse the events that set the country on fire for several weeks. The situation has largely stabilised since April 2008, when the articles collected in this book were first individually published. Some political information has been updated post April 2008. The coalition government took shape with Mwai Kibaki remaining President while Raila Odinga became the Prime Minister. The country however remains in suspense, as do the donors who had made it possible for Kenya to restore a semblance of peace.
