

1. Record Nr.	UNINA9910810308103321
Autore	Nair Muralitharan
Titolo	Pathophysiology for Nurses at a Glance
Pubbl/distr/stampa	Hoboken : , : John Wiley & Sons, Incorporated, , 2015 ©2015
ISBN	9781118746196 9781118746066
Edizione	[1st ed.]
Descrizione fisica	1 online resource (209 pages)
Collana	At a Glance (Nursing and Healthcare) Ser.
Altri autori (Persone)	Peatelan
Disciplina	616.047
Soggetti	Physiology, Pathological -- Problems, exercises, etc Physiology, Pathological -- Laboratory manuals
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Intro -- Title Page -- Copyright Page -- Contents -- Preface -- Abbreviations -- Acknowledgements -- How to use your revision guide -- About the companion website -- Part 1: Pathophysiology -- Chapter 1 Key principles of pathophysiology -- Pathophysiology versus pathology -- Disease and aetiology -- Signs and symptoms -- Pathogenesis -- Investigations and diagnosis -- Treatment -- Prognosis -- Chapter 2 Cell injury, adaptation and death -- Cell injury -- Adaptation -- Cell death -- Chapter 3 Inflammation, tissue repair and regeneration -- Inflammation -- Acute and chronic inflammation -- Tissue repair -- Regeneration -- Chapter 4 Cancer -- What is cancer -- How many types of cancer are there? -- Causes of cancer -- Classification/grading/staging -- Part 2: Shock -- Chapter 5 Cardiogenic shock -- Cardiogenic shock -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Chapter 6 Anaphylactic shock -- Anaphylactic shock -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Chapter 7 Hypovolaemic shock -- Hypovolaemic shock -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Chapter 8 Septicaemia -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Part 3: Immunity -- Chapter 9 Human immunodeficiency virus -- Human immunodeficiency virus --

Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Chapter 10 Non-Hodgkin lymphoma -- Non-Hodgkin lymphoma -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Chapter 11 Infectious mononucleosis -- Infectious mononucleosis -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Potential complications -- Part 4: The nervous system -- Chapter 12 Meningitis -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management.

Chapter 13 Multiple sclerosis -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Diagnosis -- Management -- Chapter 14 Parkinson's disease -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management -- Chapter 15 Cerebrovascular accident -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management -- Part 5: The blood -- Chapter 16 Anaemia -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management -- Chapter 17 Deep vein thrombosis -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management -- Chapter 18 Leukaemia -- Overview of anatomy and physiology -- Pathophysiology -- Chronic Leukaemia -- Signs and symptoms -- Management -- Chapter 19 Thrombocytopenia -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management -- Part 6: The cardiovascular system -- Chapter 20 Heart failure -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management -- Chapter 21 Myocardial infarction -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management -- Chapter 22 Peripheral vascular disease -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management -- Chapter 23 Angina -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management -- Part 7: The respiratory system -- Chapter 24 Asthma -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management -- Chapter 25 Chronic bronchitis -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management -- Chapter 26 Pulmonary embolism -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management.

Chapter 27 Chronic obstructive pulmonary disease -- Overview of anatomy and physiology -- Pathophysiology -- Causes of COPD -- Signs and symptoms -- Management -- Part 8: The gastrointestinal system -- Chapter 28 Peritonitis -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management -- Chapter 29 Crohn's disease -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management -- Chapter 30 Peptic ulcer -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management -- Chapter 31 Ulcerative colitis -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management -- Chapter 32 Bowel cancer -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management -- Part 9: The hepato-biliary system -- Chapter 33 Hepatitis -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management -- Chapter 34 Cholecystitis -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management -- Chapter 35 Pancreatitis -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management -- Chapter 36 Liver cancer -- Overview of anatomy and physiology --

Pathophysiology -- Signs and symptoms -- Management -- Part 10: The urinary system -- Chapter 37 Renal failure -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management -- Chapter 38 Pyelonephritis -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management -- Chapter 39 Renal calculi -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management -- Chapter 40 Bladder cancer -- Overview of anatomy and physiology -- Pathophysiology -- Signs and symptoms -- Management -- Part 11: The male reproductive system. Chapter 41 Benign prostatic hyperplasia -- Benign Prostatic Hyperplasia -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Chapter 42 Testicular torsion -- Testicular torsion -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Chapter 43 Erectile dysfunction -- Erectile dysfunction -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Chapter 44 Prostate cancer -- Prostate cancer -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Chapter 45 Testicular cancer -- Testicular cancer -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Part 12: The female reproductive system -- Chapter 46 Cancer of the vulva -- The vulva -- Cancer of the vulva -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Chapter 47 Menorrhagia -- Menorrhagia -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Chapter 48 Breast cancer -- The female breasts -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Chapter 49 Cervical cancer -- Cervical cancer -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Part 13: The endocrine system -- Chapter 50 Diabetes mellitus -- Diabetes mellitus -- Pathophysiology of type 2 diabetes -- Signs and symptoms -- Investigations -- Management -- Chapter 51 Adrenal insufficiency -- The adrenal glands -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Chapter 52 Cushing's syndrome -- Cushing's syndrome -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Chapter 53 Hyperthyroidism -- The thyroid gland -- Hyperthyroidism -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Part 14: The musculoskeletal system -- Chapter 54 Osteoarthritis -- Osteoarthritis -- Pathophysiology. Signs and symptoms -- Investigations -- Management -- Chapter 55 Osteoporosis -- Osteoporosis -- Pathophysiology -- Signs and symptoms -- Investigations -- Chapter 56 Osteomyelitis -- Osteomyelitis -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Chapter 57 Gout -- Gout -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Chapter 58 Rheumatoid arthritis -- Rheumatoid arthritis -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Part 15: The skin -- Chapter 59 Atopic dermatitis -- Atopic dermatitis -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Chapter 60 Psoriasis -- Psoriasis -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Chapter 61 Acne vulgaris -- Acne vulgaris -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Chapter 62 Malignant melanoma -- Melanocytes -- Skin cancer -- Malignant melanoma -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Part 16: Ear, nose and throat -- Chapter 63 Otitis media -- Otitis -- Otitis media --

Pathogenesis -- Signs and symptoms -- Investigations -- Management -- Chapter 64 Ménière's disease -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Chapter 65 Pharyngitis -- Pharyngitis -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Chapter 66 Rhinosinusitis -- Rhinosinusitis -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Chapter 67 Epistaxis -- Epistaxis -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Part 17: Vision -- Chapter 68 Cataracts -- Cataract -- Pathophysiology -- Signs and symptoms -- Investigations -- Management -- Chapter 69 Glaucoma -- Glaucoma -- Primary open-angle glaucoma -- Angle-closure glaucoma. Chapter 70 Age-related macular degeneration.

---

### Sommario/riassunto

Everything you need to know about Pathophysiology... at a Glance! From the publishers of the market-leading at a Glance series, and from the authors of the successful Fundamentals of Applied Pathophysiology textbook comes the ideal revision guide for all the key diseases and conditions that nursing and healthcare students need to be aware of. Combining superb illustrations with accessible and informative text, this book is perfect for all nursing and healthcare students, and anyone who is looking for an overview of pathophysiology. Pathophysiology for Nurses at a Glance covers all the key diseases and disease processes affecting each body system, and key concepts encountered from the start of the pre-registration nursing or healthcare course. Key features: Superbly illustrated, with full colour illustrations throughout Written specifically for nursing and healthcare students with all the information they need Self-assessment questions provided for each chapter Pathophysiology for Nurses at a Glance is ideal for nursing and healthcare students as well as qualified practitioners, providing a comprehensive yet accessible overview of human pathophysiology.
