Sommario/riassunto	This book, with a focus on English and Polish, is a study of surveying terminology, which may be considered as an under-researched area when compared to legal, medical or business terminologies. It examines differences between terms and concepts in the two languages. The purpose of the book is three-fold: firstly, to investigate how surveying terms are created and how they are named in English and Polish; secondly, to analyse concept systems of the two languages with respect to surveying term...
