Allegories of Anti-Fascism: The Radical Cartoons of Fort Velona -- Conclusion -- Notes -- Glossary of Frequently Used Italian Terms -- Index -- About the Author Sommario/riassunto Maligned by modern media and often stereotyped, Italian Americans possess a vibrant, if largely forgotten, radical past. In Italian Immigrant Radical Culture, Marcella Bencivenni delves into the history of the sovversivi, a transnational generation of social rebels, and offers a fascinating portrait of their political struggle as well as their milieu, beliefs, and artistic creativity in the United States. As early as 1882, the

sovversivi founded a socialist club in Brooklyn. Radical organizations then multiplied and spread across the country, from large urban cities

to smaller industrial mining areas. By 1900, thirty official Italian sections of the Socialist Party along the East Coast and countless independent anarchist and revolutionary circles sprang up throughout the nation. Forming their own alternative press, institutions, and working class organizations, these groups created a vigorous movement and counterculture that constituted a significant part of the American Left until World War II. Italian Immigrant Radical Culture compellingly documents the wide spectrum of this oppositional culture and examines the many cultural and artistic forms it took, from newspapers to literature and poetry to theater and visual art. As the first cultural history of Italian American activism, it provides a richer understanding of the Italian immigrant experience while also deepening historical perceptions of radical politics and culture.
