

1. Record Nr.	UNINA9910810338203321
Autore	Dawood Rosemary Smith
Titolo	Serial communication protocols and standards : RS232/485, UART/USART, SPI, USB, Insteon, wi-fi and WiMAX / / Shenouda Dawood, Peter Dawoud
Pubbl/distr/stampa	Gistrup, Denmark : , : River Publishers, , [2020] ©2020
ISBN	1-00-333949-2 1-003-33949-2 1-000-79375-3 87-7022-153-7
Edizione	[1st ed.]
Descrizione fisica	1 online resource (534 pages)
Disciplina	621.382
Soggetti	Serial communications
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Because of the wide spread of serialcommunication from home automation to sensor and controller networks, there isa need for a very large number of serial communication standards and protocols.These have been developed over recent decades and range from the simple to thehighly complicated. This large number of protocols was necessary to guaranteethe optimum performance for the targeted applications. It is important forcommunication engineers to have enough knowledge to match the right protocoland standard with the right application. The main aim of this book is toprovide the reader with that knowledge.
