Sommario/riassunto	As haemophilia is a life-long condition, continuing supervision by a group of medical personnel is required. In many countries this is provided by comprehensive care haemophilia centres where staff of all specialities concerned with treatment- haematologists, paediatricians, nurses, physiotherapists, orthopaedic surgeons - have specialized knowledge. This new book is a definitive resource on the current aspects and issues around haemophilia. Complications of haemophilia care are well covered in chapters on inhibitors, and musculoskeletal problems, as are all the latest developments in the
