The "Other" Ethno-nationalities in Myanmar/Burma; Chapter 06. Conclusion; Bibliography; Index; About the Author
Sommario/riassunto	This book is the first study to offer insight into non-armed, non-insurgent members of ethnic groups that are associated with well-known armed organizations. It analyzes the nature of the relationships between the "quiet" minorities and their "rebel" counterparts and assesses how these intra-ethnic differences and divisions affect the armed resistance movement, negotiation with state authorities, conflict resolution, and political reform. This field-based study of the Karen in Burma also provides theoretical and policy implications for other ethnically polarized countries.
