Army War College Administrators and College Policymakers; Conclusion; Notes; Index
	Sommario/riassunto	We are all familiar with ROTC, West Point, and other institutions that train young men and women to be military officers. But few people know of the U.S. Army War College, where the Army's elite career officers go for advanced training in strategy, national security policy, and military-government policymaking. This book takes readers inside

the U.S. Army War College to learn about the faculty, staff, administration, and curriculum.Established in 1901, the school's mission has evolved from teaching the skills of war to training officers to negotiate both the complex world of modern strategy an

Sommario/riassunto	Supporting Research in Area Studies: A Guide for Academic Libraries focuses on the study of other countries or regions of the world, crossing traditional disciplinary boundaries in the humanities and social sciences. The book provides a comprehensive guide for academic libraries supporting communities of researchers, exploring the specialist requirements of these researchers in information resources, resource discovery tools, information skills, and the challenges of working with materials in multiple languages. The book makes the case that adapting systems and procedures to meet these nee
