Sommario/riassunto	Original and probing new scholarship on T. S. Eliot's engagement with the visual and performance artsGBS_insertPreviewButtonPopup(['ISBN: 9781474405287','ISBN:9781474405294','ISBN:9781474405300']);From his early "Curtain Raiser" to the late Four Quartets, T. S. Eliot took an interest in all the arts, drawing on them for poetic inspiration and for analysis in his prose. T. S. Eliot and the Arts provides extensive, high quality research about his many-sided engagement with painting,

sculpture, museum artefacts, architecture, music, drama, music hall, opera and dance, as well as the emerging media of recorded sound, film and radio. Building on the newly published editions of Eliot's prose and poetry, this contemporary research collection opens avenues for understanding Eliot both in his own right as a poet and critic and as a foremost exemplar of interarts modernism. Key Features Gathers cutting-edge scholarship on a wide range of arts, emphasising the interconnection of the arts in Eliot's work and in modernism generally. Appears at a time when Eliot has been, and will continue to be, much in the news and closely studied because of the publication of his letters, collected poems and prose. Hailing from the UK, US, Continental Europe and India, the contributors to this volume have recently published significant books on modernism and the arts, shaping the fields that they here develop with respect to Eliot. Interart studies is a new and rapidly growing field, particularly in music and dance"

2. Record Nr.	UNINA9910810480903321
Autore	Bradford Richard <1957->

Shakespeare any good? -- Mad theories -- Defining literature: the bete noir of academia -- Evaluation -- Popular literature -- Is literature any good for us?.

---

### Sommario/riassunto

Is Shakespeare any Good? reveals why certain literary works and authors are treated as superior to others, and questions the literary establishment's criteria for creating an imperium of "great" writers. Enables readers to articulate and formulate their own arguments about the quality of literature - including works that convention forbids us to dislike Dismantles the claims of academic criticism - particularly Theory - to tell us anything useful about why we like or appreciate literature Challenges and shatters many longstanding beliefs about literature and its evaluation Poses serious
