Sommario/riassunto	Ingham of Arabia is a collection of twelve articles on modern Arabic dialectology contributed by an international collection of colleagues and pupils of Professor Ingham of the London School of Oriental and

African Languages on the occasion of his retirement. Half the articles are concerned with Arabic dialects from the areas Prof Ingham spent his academic life researching, principally Arabia and the neighbouring areas: Oman, Jordan, Sinai, the Negev, southern Turkey, Syria. Other articles are concerned with general topics in Arabic dialectology. The book contains a complete bibliography of Professor Ingham's publications.
