Sommario/riassunto	Illicit drugs and their use are a dominant concern of politicians, policy makers and the general public. As such, this second edition of the popular Illicit Drugs: Use and Control provides a timely, up-to-date discussion of the key issues raised in the first edition, whilst also providing new chapters which address:Class, gender and raceThe geo-politics of illicit drug production and distributionBritain's drug use within a global contextDrawing information from wide-ranging sources, Adrian Barton illuminates t
