Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	pt. 1. Overture : such sweet thunder -- pt. 2. Entr'acte : "Sepia Panorama."
Sommario/riassunto	Breaking down walls between genres that are usually discussed separately-classical, jazz, and popular-this highly engaging book offers a compelling new integrated view of twentieth-century music. Placing Duke Ellington (1899-1974) at the center of the story, David Schiff explores music written during the composer's lifetime in terms of broad ideas such as rhythm, melody, and harmony. He shows how composers and performers across genres shared the common pursuit of representing the rapidly changing conditions of modern life. The Ellington Century demonstrates how Duke Ellington's music is as vital to musical modernism as anything by Stravinsky, more influential than anything by Schoenberg, and has had a lasting impact on jazz and pop that reaches from Gershwin to contemporary R&B.
