Sommario/riassunto

Now part of a two-volume set, the fully revised and updated second edition of The Wiley-Blackwell Handbook of Infant Development, Volume 2: Applied and Policy Issues provides comprehensive coverage of the applied and policy issues relating to infant development. Updated, fully-revised and expanded, this two-volume set presents in-depth and cutting edge coverage of both basic and applied developmental issues during infancy. Features contributions by leading international researchers and practitioners in the field that reflect the most current theories and
