Sommario/riassunto

In the past thirty years, the study of French-Indian relations in the center of North America has emerged as an important field for examining the complex relationships that defined a vast geographical area, including the Great Lakes region, the Illinois Country, the Missouri River Valley, and Upper and Lower Louisiana. For years, no one better represented this emerging area of study than Jacqueline Peterson and Richard White, scholars who identified a world defined by miscegenation between French colonists and the native population, or metissage, and the unique process of cultural accommodati
