Sommario/riassunto	Now in its Third Edition, Foot and Ankle, this popular volume in the Master Techniques in Orthopaedic Surgery series combines the step-by-step procedural guidance that readers have come to trust with fully updated material and new expert contributors. How-to format helps readers face each surgical challenge with confidence. Abundant intraoperative color photos and precise line drawings reveal areas not visible to the surgeon during a procedure. The book's reader-friendly style is a great time-saver when searching for essential facts. The Third Edition features thirteen new chapters, internatio
