

1. Record Nr.	UNINA9910810857403321
Titolo	Water and sanitation related diseases and the environment : challenges, interventions, and preventive measures // edited by Janine M. Selendy
Pubbl/distr/stampa	Hoboken, N.J., : Wiley-Blackwell, c2011
ISBN	1-283-40101-0 9786613401014 1-118-14859-2 1-118-14860-6 1-118-14861-4
Edizione	[1st ed.]
Descrizione fisica	1 online resource (534 p.)
Altri autori (Persone)	SelendyJanine M. H
Disciplina	363.739 363.7394
Soggetti	Waterborne infection Water - Purification
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	section 1. Defining the problem -- section 2. Water and sanitation-related diseases -- section 3. Water resources -- section 4. Sanitation and hygiene -- section 5. Environmental factors of water pollution -- section 6. Current and future trends in preventing water pollution -- section 7. Emerging issues in ecology, environment, and disease -- section 8. Conclusion.
Sommario/riassunto	Written by authorities from various related specialties, this book presents the most complete treatment possible of the conditions responsible for water- and sanitation-related diseases, the pathogens and their biology, morbidity and mortality resulting from lack of safe water and sanitation, distribution of these diseases, and the conditions that must be met to reduce or eradicate them. Preventive measures and solutions are presented throughout. This book is an essential resource for all graduate students, postdoctoral scholars, and professionals in infectious disease, public health and medic
