

1. Record Nr.	UNINA9910810929503321
Autore	Li Kefei <1972->
Titolo	Durability design of concrete structures : phenomena, modelling and practice / / Kefei Li
Pubbl/distr/stampa	Solaris South Tower, Singapore : , : John Wiley & Sons, Incorporated, , 2016
ISBN	1-118-91012-5 1-118-91011-7 1-118-91010-9
Descrizione fisica	1 online resource (299 p.)
Disciplina	624.1/834
Soggetti	Concrete construction Concrete - Deterioration
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Carbonation and induced steel corrosion -- Chloride ingress and induced steel corrosion -- Freeze-thaw damage -- Leaching -- Salt crystallization -- Deterioration under structural context -- Durability design : method and approach -- Durability design : properties and indicators -- Durability design : applications -- Code for durability design.
