Sommario/riassunto	Changing Conceptions of Psychological Life is an interdisciplinary look at personal constructions of self. This book is a product of the 30th Annual Meeting of the Jean Piaget Society. The contributing authors constitute the original cast invited to speak on the theme of how individuals come to construe psychological lives--their own and others. Their concerns are how our sense of ourselves emerges developmentally, culturally, and historically, and the implications such constructions have for personal, social, and political change. Together, the authors compose an international and
