Kothare -- Sleep in traumatic brain injury in children / Stephen H. Sheldon -- Craniofacial disorders and sleep / Tarig Ali-Dinar and Nalton F. Ferraro -- Multi-disciplinary team approach for the evaluation of children with sleep disorders / Umakanth Khatwa ... [et al.] -- Drug development for pediatric sleep disorders : opportunities and challenges / O'Neill D'Cruz and Virinder Nohria.

Sommario/riassunto

Sleep in Childhood Neurological Disorders addresses the myriad sleep-wake issues associated with neurological disturbances from the newborn period through adolescence. The editors and contributing authors are internationally recognized authorities who cover everything from sleep and ADHD, headaches, restless leg syndrome, parasomnias, hypersomnias, autism, brain tumors, epilepsy, traumatic brain injury, and other primary disorders to sleep co-morbidities, assessment, testing, interventions, pharmacology and more. The first book devoted to the growing field of pediatric neurosomnology, Sleep in
