Note generali	Description based upon print version of record.
Nota di contenuto	Introduction; Tour that thought it's seen it all takes in real eye-boggler; Saving Grace of a lonely life; Poet finds past job maid to order; Wedgwood Society dreams still on the table; Gents (and Ladies) in white reclaim turf after dry spell; Limousines: not just for the rich; "Wild ones" say it simply isn't so; Clothes found in rubbish don't have to look trashy; Five guys in their forties; Foraging friends savor tastes of great outdoors; At least once a month, anarchists reign at meeting; Courting laughs; Finding the humor in haggis; Club dispenses plenty of bon mots "Deee-fense! deee-fense!"Laundromats take clean to new extremes; Portrait of the artist-white coats, but no chisels; Betting on butter, art gallery spreads it on thick; Faux ethnic dishes feed students' minds; Working-class artists do a little pr; The views from the boat; Fragments gain new life in hands of mosaic artist; Mittens knit a tribute to the 43 forgotten; Class views circus as art; String fever; For the CSO, it's Mahler onstage and ping-pong backstage; Hometown hug for Hemingway; Irish author's fans gather to celebrate ULYSSES, other tales Brooker winners don't go by the book when collecting Where old books

go to be read again; A sanctuary where writers can think and be creative; He chooses his words wisely; A mogul talks about his family dynasty; Czechs and Balances; Lady Thatcher sets down her record; "Am I happy? Yes, I'm happy!"; Auctioneer to host the last bash at butler's digs; Cicero cops on crash course; Can't go home again? try the bus; Paintings tell tales of Beverly life; Hopes blossom in North Lawndale; Austin Village shows no place like home; A Hyde Park denizen comes of age; New drive for South Side Y
Memories of TITANIC unsinkable Light pole painter has a true brush with fame; The ultimate out-of-towners; River's friends go where only most hardy dare; Shrinks in love; One language needs no translation; Small delights on the ZEPHYR; In touch with sex; Algren affair to remember lives again; Porn star Missy is graphic about safe sex; Marriage an open book for Loggins, wife; Finned friends cheer lonely guests; Animal lovers ferret out a unique halfway house; 268 paws tug at her heartstrings; Paws puts furry faces in the adoption market; Gold Coast pays tribute to its storied vet
Suds, sanctuary are match made in heaven A generation tries to remember . . . something or other; Song helps rekindle spark in Alzheimer's patients; Near-death experiences share common thread; The meaning of life? don't ask

Sommario/riassunto

In forty-five years as one of Chicago's liveliest journalists for Time, Life, and the Chicago Tribune, Jon Anderson has established a reputation for picking up on what someone once called "the beauty of the specific fact." Part "Talk of the Town," part On the Road with Charles Kuralt, Anderson's twice-a-week "City Watch" columns in the Chicago Tribune seek out interesting and unexpected people and places from the everyday life of what the author calls the "most typical American big city." In the process he discovers the joys and triumphs of ordinary people.

Sommario/riassunto

Knowledge derived from linguistics and language acquisition research is still only sporadically translated to programs for teaching German as a second language. The papers in this collection attempt to bridge the gap between linguistic and educational research about German as a second language and to apply the findings of theoretical and empirical research to develop concrete suggestions for the design of language programs.

Nota di contenuto	Introduction -- Overview of OAM technology in 5G and Beyond Communications -- Circular Array-based Radio Frequency Point-to-point OAM Communications -- Point-to-point OAM-MIMO Communications -- Circular Array-based Radio Frequency Point-to-multipoint OAM Wireless Backhaul -- Hybrid Circular Array and Luneberg Lens for Long-Distance OAM Wireless Communications -- Circular Array-based Joint OAM Radar-Communication Systems --

This book presents the modeling and transmission theory of RF OAM communications. The book features the UCA-based RF point-to-point OAM communication system, the UCA-based RF point-to-multipoint OAM wireless backhaul network, the HCCL structure for long-distance OAM transmissions, and the UCA-based joint OAM RadCom scheme. For the UCA-based RF point-to-point OAM communication system, a 2-D ESPRIT-based distance and AoA estimation method is first introduced, followed by an OAM reception scheme including the hybrid mechanical and electronic beam steering with the estimated AoA and the amplitude detection with the estimated distance. The proposed RF OAM communication scheme is extended to the RF OAM-MIMO system equipped with UCCAs. For the UCA-based RF point-to-multipoint OAM wireless backhaul network, an OAM-based multi-user distance and AoA estimation method is introduced, followed by a multi-user OAM preprocessing scheme. At last, the proposed methods are extended to the downlink multi-user OAM-MIMO wireless backhaul system equipped with UCCAs. Moreover, a novel HCCL structure is introduced to realize long-distance OAM transmission. For the UCA-based joint OAM RadCom scheme, an OAM-based 3-D super-resolution position estimation and rotation velocity detection method is introduced, and then the PCRB of the OAM-based estimates and the transmission rate of the integrated system are derived and analyzed. To achieve the best performance trade-off, the transmitted integrated OAM beams is optimized by means of an exhaustive search method. Finally, this book discusses future research directions to inspire further investigation in the field of RF OAM communications from different perspectives.

Presents comprehensive knowledge of the modeling and transmission theory of RF OAM communications; Features analysis of UCA-based RF point-to-point OAM communication systems and the UCA-based RF point-to-multipoint OAM wireless backhaul network; Includes research directions to inspire further investigation in the field of RF OAM communications from different perspectives.
