| Sommario/riassunto      | The Archaeology of Britain is the only concise and up-to-date   |

introduction to the archaeological record of Britain from the reoccupation of the landmass by Homo sapiens during the later stages of the most recent Ice Age until last century. This fully revised second edition extends its coverage, including greater detail on the first millennium AD beyond the Anglo-Saxon domain, and into recent times to look at the archaeological record produced by Britain's central role in two World Wars and the Cold War. The chapters are written by experts in their respective fields. Each is geared to provide a
