Sommario/riassunto	Southeast Asia's Credit Revolution describes and explains the rise of microfinance - the provision of credit and other financial services for

the poor - in Southeast Asia, over the past four decades the most consistently successful region of the developing world. In recent years microfinance has come to be seen as a key weapon in the battle against global poverty, generating more enthusiasm and optimism than any other development strategy. Southeast Asia has a special place in the history of microfinance. Historically, Southeast Asian societies and economies were perce
