Sommario/riassunto

Examine new research and innovative programs targeted to serve vulnerable populations! This collection highlights innovative programs and interventions targeted toward underserved, vulnerable, and marginalized populations, including the homeless, immigrants, refugees, female ex-offenders, people with developmental disabilities who are entering the criminal justice system, homicidal youth, and children whose parents are involved in high-conflict custody disputes. In addition, Practicing Social Justice raises critical questions on how society should justly provide for the economic well-
