Sommario/riassunto	This Routledge Classics edition includes a new foreword by the author.'An excellent and very welcome guide to psycholinguistics... highly recommended.' The Washington Post A classic in its field for almost forty years, The Articulate Mammal is a brilliant introduction to psycholinguistics. In lucid prose Jean Aitchison introduces and demystifies a complex and controversial subject: What is language and is it restricted to humans? How do children acquire language so quickly? Is language innate or learned? She explains the pioneering work of Noam Chomsky; how ch
