Nota di contenuto	pt. I. Wage-setting institutions, intersections and pay equity effects -- pt. II. Sector case studies -- pt. III. Conclusions.
Sommario/riassunto	With growing concern about the conditions facing low wage workers and new challenges to traditional forms of labor market protection, this book offers a timely analysis of the purpose and effectiveness of minimum wages in different European countries. Building on original industry case studies, the analysis goes beyond general debates about the relative merits of labor market regulation to reveal important national differences in the functioning of minimum wage systems and their integration within national models of industrial relations. There is no universal position on minim
