Nota di contenuto	Women and the family -- Women and law -- Women and immigration -- Women and work -- Women and religion -- Women and war -- Women and education, literature, and recreation.
Sommario/riassunto	In Colonial America, the lives of white immigrant, black slave, and American Indian women intersected. Economic, religious, social, and political forces all combined to induce and promote European colonization and the growth of slavery and the slave trade during this period. This volume provides the essential overview of American women's lives in the seventeenth century, as the dominant European settlers established their patriarchy. Women were essential to the existence of a new patriarchal society, most importantly because they were necessary for its reproduction. In addition to their roles
