

1. Record Nr.	UNINA9910811473003321
Autore	Deutsch Randy
Titolo	BIM and integrated design : strategies for architectural practice // Randy Deutsch
Pubbl/distr/stampa	Hoboken : , : Wiley, , 2011
ISBN	1-119-57264-9 1-283-24653-8 9786613246530 1-118-08644-9 1-118-08649-X
Edizione	[1st ed.]
Descrizione fisica	1 online resource (xxii, 241 pages) : illustrations (some color)
Collana	THEi Wiley ebooks.
Classificazione	ARC000000
Disciplina	720.285
Soggetti	Architectural practice Building information modeling
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Intro -- BIM and Integrated Design: Strategies for Architectural Practice -- Contents -- Introductory Statement by The American Institute of Architects -- Preface -- Acknowledgments -- Introduction -- Part I: BIM As Though People Mattered -- Chapter 1: What You Adopt When Adopting BIM -- Chapter 2: The Social Implications of Implementing BIM -- Case Study Interview with Paul Durand, AIA, and Allison Scott, Winter Street Architects -- Case Study Interview with Aaron Greven, BIM Consultant -- Chapter 3: Who Works In BIM and Who Doesn't -- Case Study Interview with Jack Hungerford, PhD -- Case Study Interview with Kristine K. Fallon, FAIA, Kristine Fallon Associates -- Part II: Leading Integrated Design -- Chapter 4: Working with Others in BIM -- Case Study Interview with Rich Nitzsche, CIO, Perkins + Will -- Chapter 5: BIM and Integrated Design -- Case Study Interview with Andy Stapleton and Peter Rumpf, Mortenson Construction -- Case Study Interview with Jonathan Cohen, FAIA, Architect and Author -- Part III: Leading and Learning -- Chapter 6: Leading from the Model -- Case Study Interview with Bradley Beck, Architect and BIM Manager -- Case Study Interview with Charles Hardy, director, Office of Project Delivery at U. S. General

Services Administration (GSA) Public Buildings Service National Capital Region -- Chapter 7: Learning BIM and Integrated Design -- Case Study Interview with Yanni Loukissas, PhD, Postdoctoral associate, Massachusetts Institute of Technology -- Case Study Interview with Phil Bernstein, FAIA, vice president, Autodesk -- Epilogue -- Index.

Sommario/riassunto

"Building Information Modeling (BIM) software combines 3-D elements and information in all aspects of the design of a building. While many books are published on BIM related to technology and computer programs, this one focuses on the practice-related information needs of architects, showing them how BIM and integrated practice can transform their practices. It features: Methods for addressing the obstacles and challenges to implementing BIM How to implement it in an efficient and effective manner How to use BIM as a tool to transform the role of architects "-- Provided by publisher.
