The Arabic component -- Chapter 12. Samples of Talk -- Chapter 13. Notes on the Domari lexicon -- Chapter 14. Domari vocabulary -- Notes -- References -- Subject index -- Author index |
| Sommario/riassunto | Domari is an Indo-Aryan language that is now highly endangered. Its speakers were traditionally nomadic metalworkers and musicians who lived in tiny, geographically scattered and socially isolated communities throughout the Middle East. The grammar is based on conversational material recorded in Jerusalem in the mid-1990s with some of the last speakers of this particular variety. |
