Sommario/riassunto	This pioneering book offers a unique constellation of essays focused on the important social and economic changes affecting educational institutions in China. It provides an in-depth examination of the potential and obstacles for business and management education in the world's second largest economy and most populated country. This volume is an essential resource for anyone with an interest in teaching, developing a new program, or entering into a joint venture in China. A wide range of topics, such as economic transition, pedagogical issues, professional training and alliance formation, are
