Sommario/riassunto	Quick Reference for the core essentials of a subject and class that is challenging at best and that many students struggle with. In 6 laminated pages our experienced chemistry author and professor gathered key elements organized and designed to use along with your text and lectures, as a review before testing, or as a memory companion that keeps key answers always at your fingertips. As many students have said "a must have" study tool.Suggested uses:o Quick Reference - instead of digging into the textbook to find a core answer you need while studying, use the guide to reinforce quickly and repeatedlyo Memory - refreshing your memory repeatedly is a foundation of studying, have the core answers handy so you can focus on understanding the conceptso Test Prep - no student should be cramming, but if you are, there is no better tool for that final review
