

1. Record Nr.	UNINA9910811569403321
Titolo	The neuropsychiatry of epilepsy // edited by Michael Trimble and Bettina Schmitz
Pubbl/distr/stampa	Cambridge, UK ; ; New York, : Cambridge University Press, c2002
ISBN	1-107-13340-8 1-280-16124-8 9786610161249 0-511-12049-4 1-139-14720-X 0-511-06480-2 0-511-05847-0 0-511-30799-3 0-511-54435-9 0-511-07326-7
Edizione	[1st ed.]
Descrizione fisica	1 online resource (x, 350 pages) : digital, PDF file(s)
Altri autori (Persone)	TrimbleMichael R SchmitzBettina <1960->
Disciplina	616.8/53
Soggetti	Epilepsy - Psychological aspects Epilepsy - Chemotherapy - Complications Neuropsychiatry
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from publisher's bibliographic system (viewed on 05 Oct 2015).
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Introduction / M.R. Trimble, B. Schmitz -- Neuropsychiatric disorders in epilepsy--epidemiology and classification / E.S. Krishnamoorthy -- Limbic connectivity: anatomical substrates of behavioural disturbances in epilepsy / J. Engel Jr, C. Wilson, F. Lopez-Rodriquez -- Clinical aspects -- The psychiatry of idiopathic generalized epilepsy / Dieter Janz -- Epilepsy and learning disorders / Cesare Maria Cornaggia, Giuseppe Gobbi -- Subtle cognitive and behavioural effects of epilepsy / Frank M.C. Besag -- Aggression and epilepsy / L. Tebartz van Elst -- Epilepsy and suicide: a neuropsychiatric analysis / Dietrich Blumer -- Postictal psychoses, revisited / Kousuke Kanemoto -- Cognitive

aspects -- Dementia and epilepsy / Stephen W. Brown -- The risk of cognitive decline in patients with refractory temporal lobe epilepsy / Hennric Jokeit, Alois Ebner -- Behavioural and neuropsychological aspects of frontal lobe epilepsy / Christoph Helmstaedter -- Nonepileptic attacks -- Epilepsy, dissociation and nonepileptic seizures / Richard J. Brown -- Psychobiology of psychogenic pseudoseizures / J. Chris Sackellares, D. Kalogjera-Sackellares -- Epilepsy and panic disorder / Howard A. Ring, Nuri Gene-Cos -- Treatment complications -- The effects of antiepileptic drugs on behaviour / Bettina Schmitz -- Antiepileptic drug treatment and epileptic seizures--effects on cognitive function / Albert P. Aldenkamp -- Psychiatric effects of surgery for temporal lobe epilepsy / Steffi Koch-Stoecker.

Sommario/riassunto

Michael Trimble and Bettina Schmitz have assembled a multi-national team of experts to review the most recent findings and explore the interface between epilepsy and behaviour disorders. They begin by looking at the classifications available and examine how adequate they are for defining the subtleties of behavioural changes in patients with neurological disorders. Coverage is broad-ranging, from related cognitive problems, the biological underpinnings and pseudoseizures, to clinical aspects and treatment issues. There has been a great deal of research in this area over recent years, but limited published reviews. This timely book covers the practical implications of ongoing research, and offers both a diagnostic and management perspective. It will be essential reading for all professionals engaged in the treatment of epileptic patients.
