Poverty Profile in the Philippines -- Model Specification -- Basic Structure -- Model Closure -- Economic Structure -- Definition of the Scenarios -- Doha Results -- Macro and Sectoral Effects -- Incomes and Poverty -- Full-Liberalization Simulations -- Macro and Sectoral Effects -- Incomes and Poverty -- Disaggregating the Full Liberalization Scenario -- Macro and Sectoral Effects -- Incomes and Poverty -- Conclusion -- Notes -- References -- PART 6 Cross-Country Analysis -- 14 The Effects of a Prospective Multilateral Trade Reform on Poverty in Developing Countries -- Summary -- Introduction -- Data -- Stratification of Households According to Main Source of Income -- Model and Method -- Scenarios and Experimental Design -- Trade Reform Scenarios -- Decomposing Differences between Doha and Full Liberalization -- Factor Mobility Assumptions -- Results -- Price Results -- Poverty Results -- Decomposition of the Differences in Poverty Effects of the Doha and Full-Liberalization Scenarios -- Conclusion -- Note -- References -- PART 7 The Toha Development Agenda, Growth, and Poverty -- 15 Implications of WTO Agreements

and Unilateral Trade Policy Reforms for Poverty in Bangladesh: Short-versus Long-Run Impacts -- Summary -- Introduction -- An Overview of the Issues -- Agricultural Trade Liberalization -- Liberalization of Textile and Garments Trade -- Free Movement of Natural Persons -- Unilateral Trade Liberalization -- Methodology -- Model Features -- Static Module -- Dynamic Module -- The Bangladesh SAM for 1999-2000 -- The 1999-2000 HIES -- Simulation Design and Analysis -- The Doha Scenario -- Overview of Shocks -- Macro Effects -- Sectoral Effects -- Welfare Effects -- Poverty Effects -- Conclusion -- ROW Free Trade -- Overview of Shocks -- Macro Effects -- Sectoral Effects -- Welfare Effects -- Conclusion -- Unilateral Trade Liberalization. Overview of Shocks.

Sommario/riassunto

Poverty reduction is deemed to be a centerpiece of the Doha Development Agenda currently being negotiated under the auspices of the WTO. Yet there is considerable debate about the poverty impacts of such an agreement. Some are convinced it will increase poverty, while others are equally convinced that it will lead to poverty reduction. This book brings the best scientific methods to bear on this question, taking into account the specific characteristics embodied in the Doha Development Agenda.
