Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Frontmatter -- Contents -- 1. The point of view of the agent -- 2. The agent and his body -- 3. The origin of the idea of agency -- 4. The attribution of effects -- Index -- Backmatter
Sommario/riassunto	Professor Brown in this volume discusses one of the most difficult questions in metaphysics, "what is action?" His analysis proceeds along three main lines of thought: the point of view of the agent, the primacy of inanimate action, and the pervasiveness of explanatory insight in the description of action.
