Sommario/riassunto	Germany is the most important and powerful country in Europe. And yet it remains strangely little understood - by itself, as much as by the rest of the world. It is in a state of remarkable flux, confronting the demons of the past, whilst also seeking to make the West and the East into one country - a much greater challenge than it seemed. The coming enlargement of the European Union, which will bring much of formerly communist Eastern Europe into the EU, will make Germany more pivotal than ever. So what makes this country tick? For decades after the Second World War, the country remained stro
