Sommario/riassunto	Popular culture in the 1990s, especially cinema, can be considered a showcase for the accumulated hopes and fears of the twentieth century. From the promise of material goods to the profusion of despair, from devastating tragedy to exaggerated rapture, a dizzying array of images assaults the eye. Drawing on recent films from Mexico and Spain, <i>Bored to Distraction</i> navigates this visual terrain, from melodrama to horror, looking for what, if anything, might be excessive enough to rouse us from our comfortable everyday routines.
